

REMARKS

In the Office Action mailed October 27, 2009, the Examiner requested an election be made from the following groups:

Group I, claims 1-11, drawn to a dielectric paste and method of using and forming same.

Group II, claims 12-14, drawn to a dielectric paste and method of using same.

Group III, claims 15-20, drawn to a method of forming an electronic part.

Applicant hereby elects Group I containing claims 1-11, with traverse. This election is made with traverse on grounds that it would not be unduly burdensome for the subject matter of the non-elected claims to also be searched and examined. Requiring Applicant to elect one group of claims imposes cost and time burdens on Applicant as one or more subsequent divisional applications must then be filed in order to pursue the subject matter of the nonelected claims.

If the Examiner has any questions or concerns regarding the election, he is respectfully requested to contact the undersigned.

If there are any additional fees resulting from this communication, please charge same to our Deposit Account No. 06-0625, our Order No. FER-16079.001.001.001.

Respectfully submitted,
